

Full Stack Developer Bootcamp for Beginners – Contest #1

Get Featured on Our Official LinkedIn Handle!

Hey Full-Stack Innovators!

It's time to put your web development skills to the test with an exciting contest. This is your chance to design, build, and deploy innovative applications, showcase your expertise, and earn a shout-out from Codecademy's official LinkedIn handle!

Project Challenge: YouTube Clone (Major Project 1)!

Submit:

- Snapshots of all the features
- Screen recording of the complete app
- GitHub repository link

Please note: Screen recording is a must for this submission.

Project Guidelines:

- The project must be **fully functional** – no incomplete features in the demo or code.
 - Add **extra capabilities** to make your AI projects stand out.
 - Ensure the **UI and UX are clean, intuitive, and user-friendly**.
 - **Experiment and innovate** – incorporate advanced features or unique twists.
 - **Originality matters** – no plagiarized or copied work.
 - Post your project on **LinkedIn**, tag **Codecademy**, and use the hashtag **#CodecademyFullStackBootcamp**.
 - Submit your LinkedIn post link in the **#project-showcase** channel on Discord.
-

Important Dates:

-  More info will be shared by your instructor on upcoming session and Discord.
-  **Submission Deadline:** 18th December 2025
-  **Winner Announcement:** 20th December 2025

Winners will be announced via our official LinkedIn page.

 You can proudly add this achievement to your resume as a project showcase and award!

💡 Why Participate?

- Apply your skills in a **real-world project**.
- Add an **impressive AI project** to your portfolio.
- Build a stronger profile for potential employers.
- The **best project** will be selected by your instructor – their decision will be final.

So, get your thinking caps on, plan your profile, and bring your A-game! More details coming soon in the next session. Stay tuned!
